INTRODUCING BREEZE SPA

Breeze Philosophy

Taken from the premise that happiness is a key foundation for wellness, Breeze is the spa that puts a bounce in your step and a smile on your face. Determined to be positive, friendly, caring and fun, Breeze will always provide guests with a comfortable and approachable experience with an energy boost that will prepare them to take on the world when they leave.

Breeze Signature Treatments

With the Signature Mood Massages, each treatment is aligned with a carefully chosen body therapy or massage technique as its centrepiece. Enhanced by aromatherapy oils, herbal teas, musical selections, mood-setting colours and a mood analysis consultation on arrival, therapists create an experience that culminates in the exact feeling guests desire, whether that's totally dreamy, serene, rejuvenated, invigorated or energised.

Breeze Experience

So many things in life are rushed, but a spa treatment shouldn't be one of them. Breeze guests are recommended to arrive early to enjoy the signature pre-treatment beverage, personal consultation and even a shower should they desire, so they can relax into the care-free Breeze Spa state of mind. Post-treatment, guests can enjoy their new mood in a relaxing space with herbal tea and a signature Breeze treat. Who said spa couldn't be fun?

Breeze Design

The design concept at Breeze is centred on creating a chosen mood. Coloured light therapy, temperature and scents can all be tailored to guest preferences and specific treatments. The spa reception area is a welcoming space designed to ease guests into the Breeze world. Treatment rooms are both welcoming and calm with modern spa-inspired décor designed to inspire and relax.

Breeze Locations

Currently, there are twelve Breeze Spas throughout Thailand and overseas including such destinations as the Maldives, Galle in Sri Lanka and Johor Bahru in Malaysia.
